

## **CURRICULUM VITAE: Gergely Katona**

*Department of Chemistry & Molecular Biology,  
University of Gothenburg, Sweden*

### **General information**

Full name:	Gergely Péter Katona	Nationality:	Swedish/Hungarian
	Department of Chemistry	E-mail:	<a href="mailto:gergely.katona@gu.se">gergely.katona@gu.se</a>
	& Molecular Biology	Phone:	+46 31 786 3959
	Box 462	Fax:	+46 31 786 3910
	University of Gothenburg		
	S-405 30 Gothenburg, Sweden		

### **Academic degrees**

2000-2004: PhD degree, Chalmers University of Technology  
2011: Docent in Biochemistry, University of Gothenburg

### **Postdoctoral work**

2006-2007: EMBO Long-term fellowship at IBS Grenoble, France, Research area: X-ray crystallography, Raman spectroscopy (Dominique Bourgeois)  
2005-2006: CEA postdoctoral researcher at IBS Grenoble, France.  
2004-2005: Research Associate at University of Leicester, UK.

### **Current position**

2016-: Lecturer, Department of Chemistry and Molecular Biology, University of Gothenburg

### **Previous positions**

2010-2015 Senior researcher (rådsforskare), Department of Chemistry, University of Gothenburg  
2007-2010: Assistant professor (forskarassistent), Department of Chemistry, University of Gothenburg.

### **Prizes, Honors, and Other Special Scientific Recognition**

2010: Swedish Research Council appointment to develop Advanced Scattering Techniques  
2009: Young Scientist Award of the European Synchrotron Radiation Facility.  
2008: Medal of the French Academy of Science: "Les Grandes Avancées Françaises en Biologie 2007-2008".  
2005: EMBO Fellowship

### **Tutoring experience**

Main supervisor for students obtaining PhD degree: Weixiao Y. Wahlgren (2012), Annette Duelli (2014), Ida Lundholm (2015). Currently supervising 2 PhD students, currently recruiting 1.  
Co-supervised following students obtaining PhD degree: Krisztian Fodor (2006), Annemarie Beate Wöhri (2008), Erik Malmerberg (2011) and Linda Johansson (2013).

### **Bibliometry (as of 12/12/2017)**

H-index 25; 41 publications in total; 2683 citations, 6 publications with > 100 citations.
